Tala,

I enjoyed meeting you and your talk at FLUOROS a few weeks back in Golden, CO. I would like to ask if you would share a copy of your presentation with me. I am the Science Manager for the FluoroCouncil and have been with the group for about a year now. As you can imagine, I am still learning about perfluorinated chemistries and of course FLUOROS was a great conference to do so.

I look forward to hearing from you and staying in touch.

Kind Regards,
Angela
